

This is not a legal survey

Approximately 12 acres could be used for expansion of the industrial park in the south-east portion of Terre Haute.

Portions of this 9.2 acre parcel in the industrial park could be used for expansion. The parcel is small and has a limited area of moderate slopes but is close to industrial park infrastructure.

# CONCEPT 2: CLARKE PARK CONNECTIONS

## Summary Statement:

Industrial park expansion can occur on approximately 12 acres at the end of Trowbridge Drive and 9.2 acres at the north-west side of the industrial park. Enhancing links between Terre Haute and the industrial park can strengthen their mutually beneficial relationship.
