RECEIVED

2012 APR 27 A 10: 54

TOWN OF BETHEL  
TOWN CLERK

D. Goodrich called the meeting to order at 7:01p.m.

**NEW BUSINESS**

Motion made by D. Goodrich and seconded by K. Stevens to add 41 Dodgingtown Road, Bruce Pierce, Repairing a Retaining Wall onto the agenda. Motion passed unanimously.

Mr. Pierce handed out a letter that he wrote explaining that he had a problem runoff from Route 302. He called the state to let them know and after phone calls back and forth the state installed a catch basin that alleviated some of the runoff, but at the time, damage was done to the retaining wall. He then fixed the damage to the retaining wall to make it safer. He didn't realize that he needed to come to the commission and get a permit; after he spoke to the state he assumed that he could fix the retaining wall. He showed pictures and a map.

Motion made by K. Stevens and seconded by W. Michael to issue a permit to 41 Dodgingtown Road, Repairing a Retaining Wall. Motion passed unanimously.

B. Cavagna handed out a copy of an email that stated Environmental Review Team would be going to the Franc property on May 9, 2012 to do an

assessment of the property. The commission members said that they could try and make it that day to go with them to review the property.

Motion made by D. Goodrich and seconded by K. Stevens to adjourn at 7:37p.m. Motion passed unanimously.

Respectfully submitted:
