

Bethel Request for Proposals for

Tennis Court Repairs #2022-05

Addendum #1 RFP Questions and Answers

May 16, 2022

The following question has been received, with available additional information provided below:

1. "I wanted to ask if you would be agreeable to allowing Streetbond 150 to be used as an approved equal substitute on the Tennis Court Resurfacing project bidding on 5/27/2022."

"The Streetbond meets or exceeds the minimum specified requirements. StreetBond Pavement Coatings bond to both asphalt and concrete surfaces to provide a durable, aesthetic finish that helps protect and extend the life of the pavement. This product boasts a wide range of benefits that include flexibility, durability, environmentally responsible, chemical resistance, color stability, and excellent friction properties that offer ADA compliance."

Yes, Streetbond 150 can be used as an equal substitute because it meets or exceeds minimum specified requirements.
